TO ASK BIG BOND OF KIRK

Councilmen Say He Will Have to Prove Good Faith.

NASH IS ALSO TO APPEAR

Will Meet the Committee of the Whole Monday Afternoon to Also Ask for a Franchise.

E. L. Kirk and associates will be asked to put up a bond of \$100,000 when their representative appears before the committee of the whole of the Sioux City Electric Light and Traction company.

Kirk, whose name is the only one to appear in the ordinance asking for the grant, is expected to be present at the council meeting Monday afternoon and tell the members who is interested in his project.

Councilman M. F. Funkhouser, who introduced the ordinance for Kirk, stated Friday morning that he had advised Kirk to be present next week and to plead his own case.

"I introduced the ordinance at the request of Kirk," said Funkhouser. "He gave me to understand that he was the general manager of the Sioux City Electric Light and Traction company and that the same interests were behind him in this deal that control the Sioux City plant. Everybody knows that the packers own the Sioux City plant."

"As far as the denial of the Armour manager that his company has nothing to do with this franchise, I know nothing. Kirk came to me and asked me if I would introduce the ordinance. I told him that I would and made certain suggestions to be embodied in the franchise which I thought were for the best interests of the people of Omaha. I have complied with my promise to Kirk. The ordinance has been introduced. Now it's up to Kirk to get his franchise."

"He has offered to put up a \$25,000 bond for the faithful performance of his part of the contract. I consider this a sufficient amount. Other councilmen have told me that they think the amount of the bond too small. That is for them to decide."

Ask Big Bond. "If Kirk wants this franchise, let him put up a bond of \$100,000 to show that he means business," said Councilman Charles Davis Friday morning. "I shall insist upon this amount. If Kirk means business he will not hesitate on the size of the bond. I shall also urge that a provision prohibiting the company from selling its right and privileges be inserted in the franchise. And that in the event they attempt to do so all

Rock Creek Company Will Open Big Area

Wyoming Lands Near Union Pacific Main Line Ready for Occupation by Settlers.

The Rock Creek conservation company, owning a large tract of land in Wyoming right on the main transcontinental line of the Union Pacific railroad to the Pacific coast, will throw open for settlement 14,000 acres of irrigated land under the Carey act and 14,000 acres of deeded land Thursday, May 18.

The Carey act land will be opened under the supervision and control of the Wyoming State Board of Land Commissioners. A party drawing a tract of Carey act land will pay 25 cents per acre each day when the land is assigned to him and 25 cents per acre when final proof is made by the government on the lands, while he will also pay \$10 per acre cash for the water; the balance of the payment for water right, \$25, will be paid in five annual installments, with interest, commencing on the sixth year from the time the land is purchased, thus enabling the purchaser to use his money for improvements on the land before he is required to make any future payments for the water.

The deeded land will cost \$15 per acre cash and \$20 per acre for the water on terms suitable to the purchaser. These lands, both Carey act and deeded, are choice both as to location, character of soil and climatic conditions.

They have been used as cattle ranches for many years, but the present owners, who were cattle kings, have decided to open them up for settlers, selling directly to the settler and arranging the payments so that the settler can go ahead and improve his property after making the first payment without worrying about future payments for several years to come.

The present owners also agree to enter into contract with the purchaser to put their steam plows to work to put in the necessary crops to comply with the requirements of the government, which are that one-eighth of the land purchased must be in crop the first year and the purchaser reside on the land for thirty days. They will not only put in the crop, but they will look after it for the first year at actual cost.

ARMY SEEKS PLACE FOR HOLDING PRACTICE SHOOT

Ashland Grounds Are Not Recommended by the Officers Who Investigated Them.

Unless a suitable range is located within the next five days the annual target practice which is held by the troops stationed at Fort Crook every May, will have to be postponed until the early part of June or until the fall.

The soldiers at Fort Crook hold the annual target practice about the 15th of every May. The ten days prior to the leaving of the troops are used in preparing for the trip. But eighteen days remain before the time scheduled for the leaving of the troops.

Sudden Death Takes Two Near Same Place but Few Weeks Apart

Deaths at Brandeis Stores Fall Victims of Heart Disease—Victims of the Last.

Sudden death, striking twice in the same place has carried off Louis Viete and Henry Graetz, clerks in the clothing department of the Brandeis stores.

Mr. Viete fell dead from heart failure Friday morning at 10:30 o'clock on the same spot where at nearly the same hour a few months before Henry Graetz died, of the same ailment.

The pains of approaching death came upon both men suddenly. Mr. Viete went to a drug store to get some medicine Friday morning. He returned and died a short time after. His home is at 44 South Twenty-fourth street. He leaves a widow and two children. He was 45 years of age. He had been employed by the Brandeis stores fifteen years.

Arbor Day is Still Being Celebrated

Thirty-Sixth Street Improvement Club is Planting Some Elm Trees.

Although a little late, Arbor day came to a part of Omaha Friday. The Thirty-sixth Street Improvement club started planting trees on the street from Leavenworth to Woolworth. Elm trees will be planted thirty-three feet apart, on both sides of the street. The county board has ordered several hundred elm trees to be planted adjacent to its property, the grounds of the Omaha Field club on Thirty-sixth.

WILL TRY OUT "LADIES" CAR

Harrison Road to Install an Exclusive Car on Its St. Paul Line.

"Ladies Cars" in which women traveling alone may harbor themselves while on long journeys are to be tried out by the Burlington road on its Chicago-St. Paul line and if a success they will be put on the Chicago Omaha line. No man will be allowed within the portals of the "ladies car" unless by special invitation from one of the party in the car.

Rock Pile Will Be Started Saturday

Ed Stout to Be Director General of the Laborers Put to Work.

Under the supervision of Ed Stout, ten petty criminals, who have been sentenced to the rock pile, will begin their labor Saturday morning. Stout was sworn in as a deputy sheriff Friday morning and will assume his duties as director general of the rock pile brigade.

Stout, who has been superintendent of the street cleaning gang, was delegated the duties and will work under the direction of the city engineer.

"The street cleaning gang will be eliminated as far as inmates of the jail are concerned. Therefore it has been customary to work these fellows on the street, but hereafter it will be the rock pile that will profit from their labors," says Mr. Craig.

"In this way the city will have employment for other men on the streets, so that instead of competing with honest labor, as has been charged, the rock pile will make places for men on the streets."

ASKS DIVORCE SET ASIDE

Novel Mixup in Court of Old People, All About Eighty Years Old.

A petition to vacate a decree of divorce in which the parties to the action are both septuagenarians and where the husband has since remarried, is a novel suit that has been filed in district court by Mrs. Melissa Neesemeyer, the divorced wife of William Neesemeyer. Neesemeyer is an old soldier, 73 years of age. He secured a divorce from his wife at Marshalltown, Ia., some time ago after both of the old people had left the Old Soldier's home there. He married a woman by the name of Griffiths in Omaha only a month ago. His second wife is 83 years old.
